

About Us

Vision:

Individuals with physical impairment affecting mobility, coordination and balance have the opportunity to benefit from and participate in RaceRunning sport and recreation throughout Scotland.

Mission:

- To raise **awareness** of RaceRunning across communities and in particular with sport, education and health organisations.
- To increase RaceRunning **participation** in recreation and competition across Scotland.
- To **support** the development of RaceRunning at international, national, club and individual levels.

Objectives:

- *Raise awareness:*
 - *Development and maintenance of a website, information hub and social media presence.*
 - *Information Brochure introducing RaceRunning and promoting the physical, wellbeing, social and health benefits of participation.*
 - *Provision of annual "Introduction to RaceRunning" course.*
- *Increase participation in competition and recreation:*
 - *Cooperation with Scottish Athletics, Scottish Disability Sport and Scottish Schools Athletics Association.*
 - *Promote para sport days, events, and opportunities.*
 - *Provide advice regard impairment complexity to sporting authorities and clubs.*
 - *Assist sporting authorities and clubs in development activities such as designing recreational activity sessions, delivering "Try RaceRunning" sessions and education courses.*
 - *Enhance competition pathway for development athletes by governing and financing a RR Scotland National Development Squad.*
- *Support the development of RaceRunning:*
 - In addition to the above objectives:*
 - *Maintain representation on CPISRA International RaceRunning Committee.*
 - *Assist academic research projects both international and domestic.*
 - *Assist Scottish Athletics and UK Athletics in developing specific RaceRunning modules for coaching courses.*
 - *Develop and provide material from RR Scotland "Introduction to RaceRunning" course online to allow clubs and individuals to readily reference.*
 - *Provide funding grants to help support Scotland international elite athletes and RR Scotland Development Squad athletes to develop.*
